PROFESSIONAL EXPERIENCE

Software Developer — SecureHash Inc (Canada — Remote)

Jul. 2023 – Jan. 2025

- Developed and optimized secure web applications with Node.js, Express & Next.js, emphasizing performance and cybersecurity best practices.
- Built and scaled RESTful APIs and database solutions for high-throughput data processing.
- Integrated OAuth and JWT authentication for enhanced security in an Agile, distributed team.

Project Support Officer — Fourcore Integrated Services

Apr. 2022 – Feb. 2023

- Implemented a Hospital Management Information System across two hospitals under “Health in a Box,” improving operational workflows and revenue generation by 25%.
- Supervised and trained staff on HMIS usage, boosting user adoption and efficiency.

IT Intern — The National IT Development Agency

Mar. – Aug. 2020

- Installed and configured hardware, OS, and applications to enhance system performance and reduce downtime.
- Monitored networks and troubleshoot software issues, improving reliability and user experience.
